September 2026

Nutrition: GAME ON

Marcellus Elementary and Chartwells are teaming up for a fun, year-long adventure all about **food, movement, and wellness!**

Each month, students will take on a new themed mission filled with fun activities, exciting challenges, and opportunities to learn about healthy foods.

We're bringing the fun right into the cafeteria, where students can learn, explore, and try new things in a positive, pressure-free way. Our goal is to help kids discover that healthy choices can be **fun, delicious, and something to feel good about!**

Pizza Daze Craze

Our middle and high school students absolutely love pizza at lunch—and the best part is, pizza is an option **every single day!**

Our pizza is made fresh daily, including our delicious self-rising dough, giving students a fresh, homemade taste at lunchtime. The Chicken Bacon Ranch is always a favorite, while the OGs of pizza—classic Pepperoni and Cheese—continue to be a hit.
